Prospectus

Welcome note from the

Principal

A huge welcome to all and thank you for taking the time to read this Prospectus for Asia Pacific Schools (APS).

In the next few pages, I hope that you will get a feel for what makes APS so very special, whether this is our national or international school, and I hope that by the time you have read through the prospectus, you will know as much factual information as you initially need to, but have also experienced to a degree the warmth of our community coming through on the pages that follow.

Community

APS is one of the older schools within the International Schools Partnership group here in Malaysia and one of the largest. We have a rich history and many staff who have been here at the school since its opening in 2006 because of the supportive community at APS as well as the wonderful students, we find ourselves lucky enough to educate.

We are one of the most renowned private schools in the Klang Valley with students who are high achievers but who also benefit from our vision, of 'developing individuals to be the best versions of themselves.'

Learning

Our students have a history of graduating with excellent SPM or IGCSE grades having achieved their potential and growing confidently as young individuals.

We are proud to be a part of the International Schools Partnership and our focus on strong academic progress and achievement is strengthened by ISP's Amazing Learning framework which equips students for success wherever in the world they may end up.

Led by this approach we create a holistic, nurturing environment to draw out our students' full potential, empowering academic excellence through Amazing Learning experiences and wider character development.

Opportunity

At APS, students are encouraged to explore their individual talents and interests beyond the classroom. Whether through academic achievements, extracurricular activities, or leadership opportunities, and we support students in discovering their passions and preparing for future success. Our holistic approach ensures that each student is given the tools and confidence to thrive in both their academic and personal journeys.

Future

The world is evolving rapidly, and we believe in preparing students to navigate an uncertain future with confidence. By fostering innovation, adaptability, and open mindedness, we equip them with the skills needed to excel in any path they choose. APS is a school with a clear vision for the future, dedicated to continuous growth and excellence.

So do enjoy reading through this prospectus and at the same time please also remember that all we can do here is whet your appetite to come and visit us and see everything we have written about at first hand. Should you decide to come and visit APS, I look forward to meeting you in person at that time.

Our *Heritage*

Asia Pacific Schools is part of International Schools Partnership, one of the pioneers of International and Malaysian National education in Malaysia, with a reputation for fostering academic excellence and teaching skills for life.

2006

Founded as APIIT Smart School,
offering the National Curriculum
under the APIIT Education Group
(owned by Sapura)

2009

Renamed Sapura
Smart School

2012

Renamed to APSS
(Asia Pacific Smart School) and
started International School
(APIS) offering the British
Curriculum and IGCSE pathway

2019

Joined the International
Schools Partnership
(ISP). Growth to nearly
1,600 students

Where will my child learn?

Welcome to a place where we believe in nurturing every aspect of a child's growth. The process begins from the environment in which the children learn.

Our learning journey starts in the heart of our campus, an expansive 7-acre site that provides students a vibrant space to learn, play, and grow.

Our campus is equipped with cutting-edge facilities designed to support our students' learning. Classrooms are enhanced with interactive technology, as well as use of one-to-one devices, for our primary students such as iPads and laptops, we ensure that our learners are always connected and engaged. In addition, our vibrant art studio, cookery room, and music room invite students to explore their interest and hone their creativity.

For those with a love of sport and physical activity, our indoor swimming pool, sports hall, football pitch and various other facilities provide ample opportunity to discover new passions and develop essential life skills.

Facilities

- 25-metre, 6-lane, salt water Swimming Pool
- Indoor Badminton & Netball Courts

How does one campus share two schools?

APS International School and APS National School are two separate schools on the same campus, sharing specialist facilities, activities and sports teams with lots of opportunities for all students.

APS International School (APIS)

APS National School (APSS)

Learning is a journey

At iSP, we've created a unique and enriching learning experience for our students and their families.

No matter when or where they join us, they are welcomed into a world of international learning opportunities, personalised career guidance, and access to life-changing scholarships.

Our approach ignites curiosity, builds confidence, and empowers them to succeed - not just in school, but as lifelong learners ready to thrive in whatever future they choose.

iSP is committed to supporting our students at every step of the way.

International opportunities

As part of iSP, our students have access to a broader international community and can experience learning outside the classroom. This exclusive programme is designed to immerse students in diverse cultures, foster global connection and broaden their perspectives.

iSP Learning *approach*

Learning-First™ is iSP's unique approach to education. It means that we always put learners and their progress at the heart of everything we do.

By tracking and evidencing progress we ensure every student excels and gains the confidence to reach beyond their potential.

Here, curiosity is sparked, confidence builds, and every achievement, big or small, is celebrated.

“
Are you busy or are you busy learning?
”

Our iSP learning pillars

Academic achievement
Enjoy personalised learning that continuously enhances knowledge, skills and understanding

Life competencies
Gain essential life skills to thrive in academics, as well as careers and personal lives

International opportunities
Try global skill-building programmes and activities that develop critical thinking, teamwork and leadership

Multilingualism
Develop proficiency in world languages, while being supported in home or first languages

Life and career pathways
Benefit from personalised guidance for university and career choices, supporting your chosen path

Dedicated
to your child's success

Our iSP framework sets us apart by driving constant improvement in how we support your child's learning.

Through our Learning Improvement Process (LIP), we continuously evaluate and enhance our teaching methods to create the best environment for students. This evidence-based approach helps us assess whether the learning atmosphere is inspiring and engaging.

Developed by our experienced Learning and Innovation team, this framework ensures we are always improving, fostering a stronger, thriving community for every student.

What

defines an APS Learner?

At Asia Pacific Schools the learner profile guides every aspect of our educational journey.

Essential life skills are seamlessly integrated into our curriculum and extracurricular programmes. Students don't merely learn these skills; they actively demonstrate their mastery by creating personalised achievement portfolios.

Guided by our Learning.First™ approach, we prioritise the individual needs and progress of each learner, ensuring that their learning journey remains at the heart of everything we do.

Early Years

Ages 2-5

Your child's first school experience is so important—it shapes how they'll approach learning throughout their life. At Asia Pacific Schools, we aim to spark a natural curiosity in children.

Following the Early Years Foundation Stage (EYFS), we create an environment that nurtures a love of learning and play.

The EYFS places emphasis on building life skills through purposeful play-based approaches that cover all curriculum areas including personal, social and emotional development.

Subjects

Physical Development: Promoting fitness, coordination, and teamwork, our activities develop strong motor skills and encourage healthy habits from a young age.

Personal, Social and Emotional Development: We help children build confidence through activities, expressing preferences, and discussing emotions in a supportive environment.

Language: We believe in a world where communication is key. All our Early Years students have weekly lessons in Bahasa Malaysia and Mandarin with specialist teachers.

English: We focus on linking English letters and sounds, exploring texts and poetry, and building writing skills, ensuring they're Primary ready.

Mathematics: We emphasise problem-solving, counting, number use, and early calculations, alongside shapes and measurement.

Understanding the World: Children explore connections between people, history, geography, and science, technology, engineering, and mathematics (STEM) as well as becoming digitally literate.

Literacy: We help children develop strong English reading and writing skills so by the end of their time in Early Years they're confident and ready for the next stage.

Arts and Design: Creativity is given a vehicle to shine through subjects such as music, drama, dance and art where a wide range of specialist resources are used.

International Primary

Ages 5-11

Our curriculum, based on the National Curriculum for England, that blends with the global focus of the International Primary Curriculum (IPC), provides a strong foundation for your child's future success.

Our learning approach helps build your child's confidence, life skills and prepares them for a lifetime of success – inside and outside the classroom. Your child will progress through two key stages: Key Stage 1 (Years 1-2) and Key Stage 2 (Years 3-6). Our specialist teachers, dedicated to nurturing the unique potential in your child's potential. Embracing our Learning.First™ approach, we're here to guide your child in becoming a passionate, lifelong learner, ready to explore, challenge, and discover.

Subjects

English: We foster a love for reading and writing, building literacy, and confidence through phonics and interactive storytelling.

Mathematics: We emphasis on problem-solving and reasoning skills through engaging math activities, to make math clear and enjoyable.

Science: The curriculum promotes curiosity, encouraging children to think like young scientists through hands-on experiments.

Computing: Students develop coding, digital literacy, and problem-solving skills using Byte-Ed and VEX Robotics, preparing them for the digital future through interactive and engaging projects.

Music: Students explore music through instrument lessons, singing, and performances, fostering creativity and teamwork, with professional lessons offered as extracurriculars.

PSHE: Personal, Social Et Health Education help us manage emotions, build relationships, and learn about mental health, wellbeing, and community roles.

Physical Education: Physical Education classes promote fitness, teamwork, and coordination through sports and activities, encouraging a healthy lifestyle.

Languages: Students can choose daily or twice-weekly Mandarin lessons, which include music and performance, fostering cultural awareness and communication skills.

Art: Students are encouraged to express creativity and develop artistic skills through various mediums, including drawing, painting, sculpture, and digital design. This subject foster critical thinking, visual communication, and cultural awareness.

Drama: Students develop creativity, confidence, and teamwork through acting and role-play, while exploring diverse cultures and perspectives.

International Secondary

Ages 11–16

Our International Secondary Curriculum is focused on core skills such as reasoning, analysis, research and leadership.

Our programme guides students in Years 7–9 (Key Stage 3) and Years 10–11 (Key Stage 4) preparing them for their IGCSE exams at the end of Year 11.

This stage is crucial as students begin to grow into responsible young adults. We encourage them to be resilient, ambitious, and to take ownership of their decisions, helping them build a strong foundation for their future.

reporting cycles per Annum

Year 7–9 (Key Stage 3)

During these years students study the following:

- English Language and Literature
- Mathematics
- Science
- History
- Geography
- Physical Education (PE)
- Art
- Music
- Drama
- Design & Technology (D&T)
- Personal Social & Health Education
- Information, communication and Technology (ICT)
- Languages (Bahasa Melayu/Mandarin)
- Agama

Years 9–11 (Key Stage 4)

During these years students study towards their IGCSE subjects from the below selection:

Core IGCSEs:

- Mathematics
- English Literature
- English Language
- Biology, Chemistry, or Physics

Elective IGCSEs:

- Additional Maths
- Science
- Chinese
- Bahasa Malaysia
- Design Technology
- Geography
- History
- Information and Communication Technology (ICT)
- Music
- Drama
- Art
- Accounting
- Business Studies
- Computer Science
- Physical Education (IGCSE)

National Primary

Ages 7-12

Our school blends the Malaysian National Curriculum with a global perspective, preparing students for success both locally and internationally.

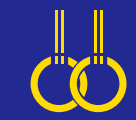

We encourage our students to explore a wide range of subjects aimed at developing well-rounded, critical thinkers. With our unique approach on personalised learning that encourages students to become independent and proactive learners.

Subjects

- Pendidikan Seni Visual
- Pendidikan Jasmani dan Kesihatan
- ICT

Upper Secondary (Age 16-17)

During these years students study towards their SPM subjects from the below selection:

Core Subject:

- Bahasa Melayu
- English
- Sejarah
- Mathematics
- Science (for Humanities Package)
- Pendidikan Moral / Pendidikan Islam
- Pendidikan Jasmani dan Kesihatan
- ICT

Elective Subjects:

- Additional Mathematics
- Chemistry
- Biology
- Physics
- Prinsip Perakaunan
- Perniagaan
- Pendidikan Seni Visual
- English Literature
- Bahasa Cina
- Hanyu Shuiping Kaoshi, HSK 5 & 6
- Sains Sukan
- Grafik Teknikal
- Ekonomi
- Muzik

Opportunities Discover what you love

Asia Pacific Schools offer a variety of extra-curricular activities, from clubs to sports, across our primary and secondary schools.

Cross Country
Running

All our co-curricular activities are taught by experienced and qualified international and external instructors as well as specialist teachers to ensure a safe and enjoyable learning environment.

These activities allow students to dive into an area of interest or learn a new passion. As students engage, they not only grow in knowledge but also in confidence and responsibility.

Gymnastics

Tennis

Rugby

Golf

School Life

Putting student safety first

Safeguarding is in everything we do at Asia Pacific Schools. All our staff community, ranging from security guards to the Campus Principal play a part in keeping us all safe. Furthermore, our campus has a dedicated Safeguarding team who take responsibility for ensuring that all students are safe when at school. Here are some of the measures we have in place:

- School nurse on site
- All staff and parents wear identification
- Designated student toilets
- Processes in place to monitor and ensure all students are safe at all times
- Ensuring teacher and staff are first aid trained
- Safeguarding Committee meetings held regularly.
- CCTV surveillance

Technology

Being digitally literate is a core skill and this is embedded throughout our curriculum. Along with specialist devices for computer science, design, science, and music, we also have a range of devices to support primary learning, such as iPads and Winbooks. In Secondary, we assist our students with a Bring-Your-Own-Device scheme.

Keeping our students safe online

All our devices are protected by Smoothwall, which helps protect children's devices at school by providing advanced web filtering and monitoring tools. It ensures that students can safely access educational content while blocking harmful or inappropriate websites. Smoothwall's technology works in real-time, detecting and preventing online threats such as cyberbullying, explicit content,

or malware. Additionally, it allows school administrators to set custom filters tailored to age-appropriate content, ensuring a secure digital environment for learning. With Smoothwall, we can create a safer online experience for our students while maintaining educational access.

Lunchtime

Students are able to choose their own meal in our canteen or parents can order in advance. We have a cashless system so students can pay using their Vircle Card, which can be topped up easily by parents.

Uniform

We want our community to look smart and have pride in their appearance. The uniform for APIS is the same for both primary and secondary levels, with a different uniform designated for preschool.

For APSS, the uniform is also consistent across primary and secondary, with the only difference being the tie. (Yellow tie for the primary and blue for secondary students)

School timings

The different stages of school have slightly different school day timings. After the school day is finished, all students can stay on for extracurricular clubs until 4:30pm.

- Pre Nursery students can be dropped off from 7:30am and the day ends at 4:30pm.
- Nursery and Reception students can be dropped off from 7:30am and the day ends at 3:00pm.
- Primary School (Years 1 and 2) start at 7:45am and ends at 2:30pm.
- Secondary School starts at 7:45am and ends at 3:15pm

Parents' Association

Parental involvement is key to a successful school environment, and we strongly believe that when parents and the school work hand in hand, it facilitates a strong learning community that impacts and encourages students to be their best. Our Community Support community is a thriving organisation and helps the school with events, welcome meetings for parents and cultural celebrations.

Pastoral care

At our school, we place great importance on pastoral care, ensuring every child feels supported and cared for. Kindness and compassion are central to our values, and each student has a dedicated adult—whether it's a key worker, teacher, or form tutor—overseeing their well-being. Our school counsellor is always available, and to help new students settle in, we assign them a buddy. This ensures that everyone feels welcome and quickly adjusts to their new school environment.

Supporting non-English speakers

Our students come to us from many different backgrounds, with many different language needs. The Learning Centre (TLC) is our own dedicated learning support hub on campus. We provide English as an Additional Language (EAL) classes to support all non-native English speakers. Our specialist teachers will work on a customised plan for each student who requires support. Talk to us to find out how we can support your child.

Ready to begin your journey with us?

Submit application

1

Applications are accepted throughout the year, pending on space. Our admissions team will assist you with the application and any necessary paperwork for employers or visa applications.

Application review

2

Once your application is reviewed, we'll reach out with the next steps which may include an assessment and/or interview depending on the supporting documents included in your application and your current age.

Offer

3

There are three possible outcomes of the assessment. The first is Successful and you will be issued an offer letter. The second is Not Ready yet which means further discussion is needed about a start date and the third is a Conditional offer which may set out specific goals to be agreed by parents and the school before the child starts.

Get ready to start

5

Time to stride into the school year! We will make sure you and your family feel welcomed and supported from enrolment to graduation. Welcome to the APS family!

Secure your place

4

To accept the offer, provide any outstanding documents and pay the registration fee and deposit to secure your child's place and enrol. We will then help with MOE approval and any student or guardian visas.
