- It is used instead of metal blades for it is a safer option. However, it does add up.

ZIPTIES COLLECTED IN ONLY ONE DAY!

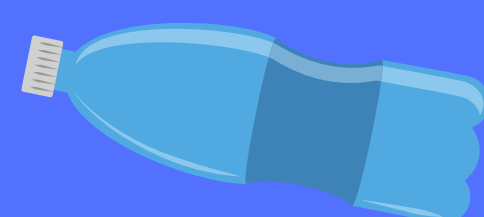

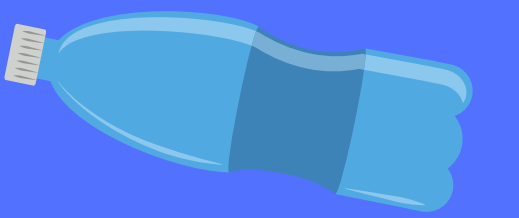

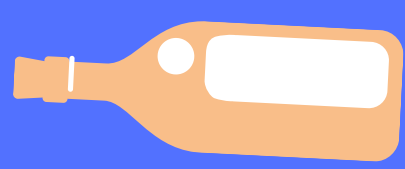

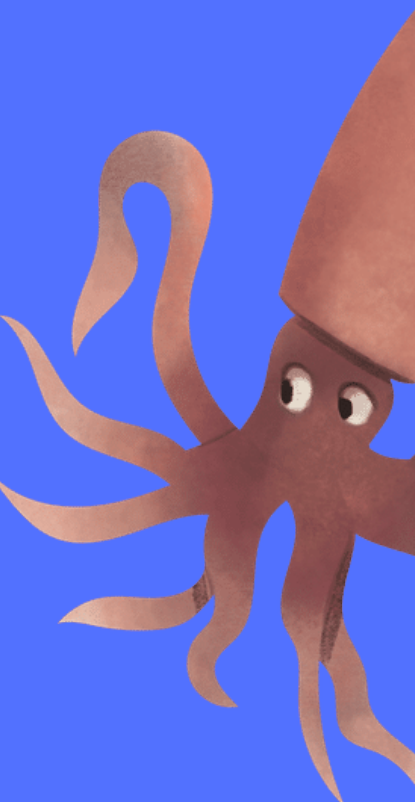

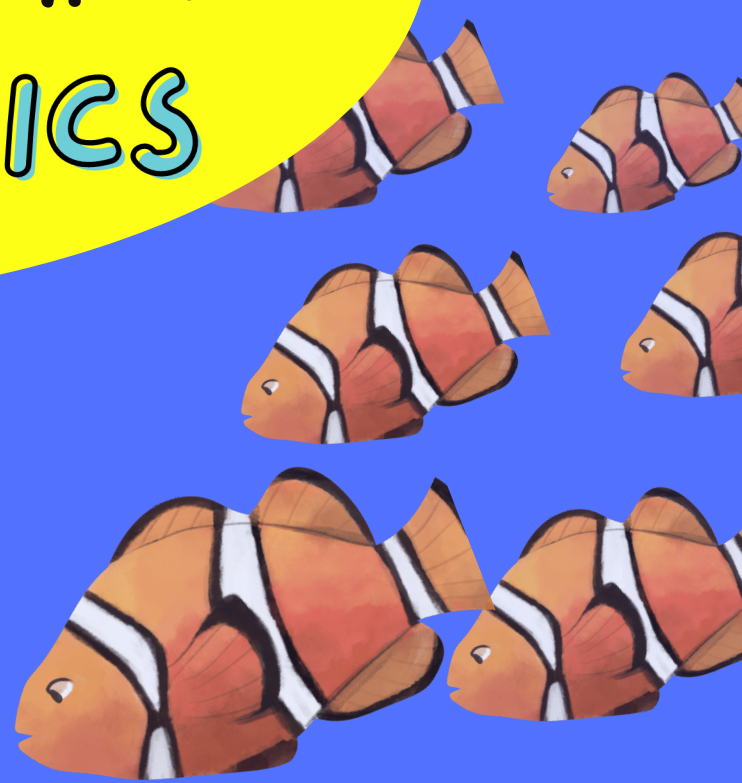

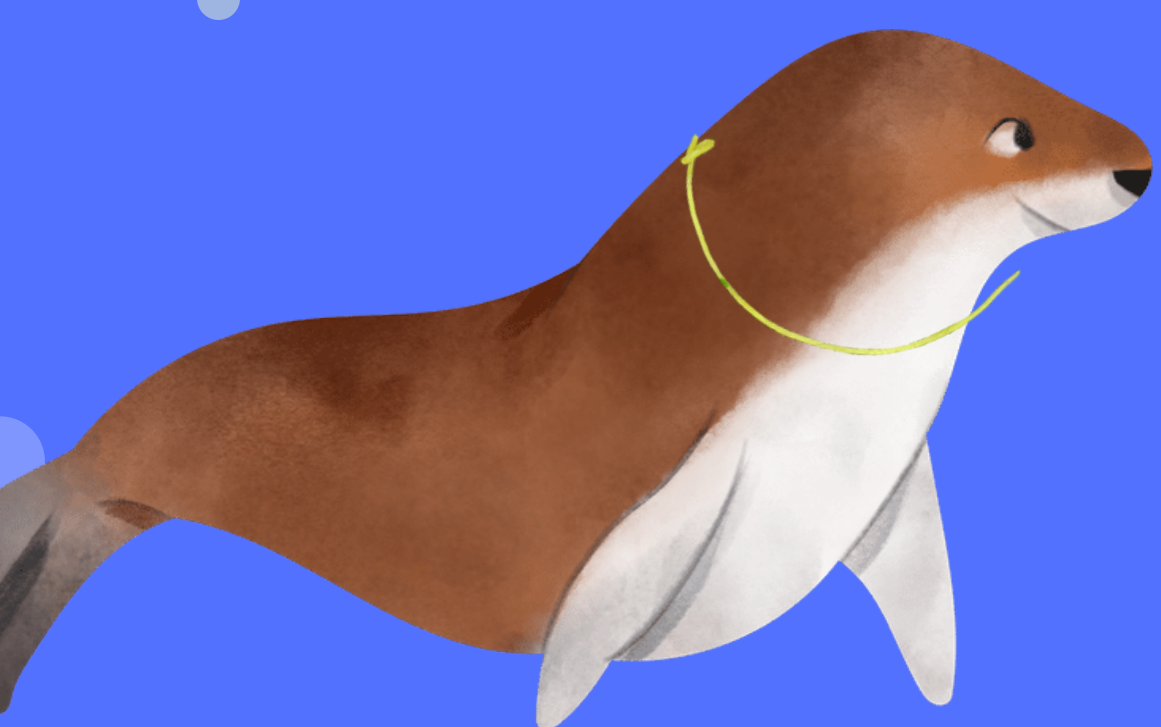

**PLASTIC MAKES ITS
WAY TO THE OCEAN**

THESE PLASTICS WILL NOT
DECOMPOSE BUT WILL BREAK
INTO SMALL PARTICLES CALLED
MICROPLASTICS

HELP ME!
THIS NYLON ZIPTIE IS
SUFFOCATING ME!

I HAVE DIGESTED MICROPLASTICS WHICH WILL LATER BE CONSUMED BY HUMANS, THIS WILL CAUSE DISEASES SUCH AS METABOLIC DISORDER AND INFERTILITY.

I HAVE SWALLOWED A PLASTIC BAG WHICH I HAD MISTAKEN AS A JELLYFISH. THIS REDUCES MY URGE TO EAT AND WILL LEAD TO STARVATION.
