**Note:**

1. Parents are reminded to regularly impress upon their children the importance of personal safety, security and practising good behavior whilst travelling in the transporter's vehicle.
2. The transporters have been briefed (and will be reminded from time to time) of the importance of operating safely and efficiently, in compliance with all applicable statutory requirements.
3. The transporters are third party service providers, and not contracted with or by the school. The school does not advocate or approve any of the transporters and the list above is shared to solely provide parents with contacts of transporters which have approached the school to offer transportation service. Transport arrangements are to be discussed and agreed between parents and the transporters and transport fares must be paid directly to the transporters.
4. The school shall not be held responsible for any change in transport fare, routes taken and travelling schedules or any untoward incidents that occur while children are being transported or in connection with the transport arrangement.
